Recommendations

Received Given

James Milne
Water Use Assessment Unit Supervisor at Michigan Department of Environment, Great Lakes, and Energy (EGLE)
April 21, 2009, James worked with Scott on the same team

Scott and I were classmates in the 2008 DEQ/MDA/DNR Leadership Academy. We were members of an action learning project team to identify and test effective public participation techniques. Throughout the project Scott had a positive attitude and was a great team player. He modified an existing matrix of public participation techniques for use in our team's report and presentation. Scott is the primary author of a paper based on our team's project that he will be presenting at the Air & Waste Management Association meeting in June 2009. I enjoyed worki... business. His positive approach to change helped both facilitate tough transitions in the work place and improved work process during his time in Water Bureau. He is a manger that I would be pleased to work with again in the future.

Sarah Ehinger
Environmental Manager at Michigan Department of Environment, Great Lakes, and Energy
March 18, 2009, Sarah reported directly to Scott
Scott is a manager who is open to new ideas and ways of doing
